ABOUT TRAVIS

Welcome to my page everyone. My name is Travis Dion Brown. Native of North Charleston, South Carolina, civil rights commentator, Manager of Associated Recovery LLC, and an adamant Jeff Baron supporter. Jeff Baron is an internet pioneer who contributed to America, and society as a whole by creating a remarkable software that registered some of the most popular domain names on the internet, and also by creating a 60 Million dollar Trust Fund for young Children with Type one diabetes. Jeff Baron represents the American Dream and comes from a good hardworking family. None of his money or earnings came from inheritance, just hard work, determination, and a passion to make the world a better place. On this page you'll see article's about the details of how Jeff was stripped, and robbed of EVERYTHING by crooked lawyers, Judges, and other Judicial figures who took an oath to uphold the Constitution which is the very fabric of this Our Nation as Americans. We're reaching out to the world for support, networking, Litigation funding to recover tens of millions of dollars in Intellectual Property that rightfully belongs to Jeff, Private Lenders, Media platforms, and any other support available. If this happened to Jeff Baron it can happen to anyone in America. Below on the wall of this page are some real articles about Jeff Baron's story and his fight to recover everything he worked for, and the destruction of a 60 million dollar trust for Children with Type One diabetes that was destroyed by nothing more than greed of crooked Judges, Lawyers, and other Judicial figures sworn to uphold the constitution. This is a true story. This is THE JEFF BARON CASE. The only HUMAN BEING to ever be placed in a RECEIVERSHIP. You thought SLAVERY was over ? Think again.
